

Covid-19 has forever changed by P7 experience.

All plans for Business Day, Confirmation & final goodbyes have been delayed.

Replaced by long walks, basketball and time at home with all my family.

Arts, crafts and baking has replaced my school lessons.

My day now begins with a Joe Wicks workout,

Organising our new home and helping my dad on site.

Ordering lots of books to keep up my love of reading,

Riding my bike and I've even attempted working as an apprentice

Electrician.
